

Community Based Healthcare Available through June 2022!

Adult wellness meetings which focus on oral health.

Are there adults living in or near your community that struggle with obtaining basic dental care? Do they lack dental insurance and the ability to pay for the essential care they may need? Do they have other barriers to care such as transportation issues or suffer from health care anxiety which have caused them to avoid office visits and neglect the basic health care that they need?

The RCFC is currently offering the opportunity to provide a wellness event within your community* free of charge.

This event will provide:

- An opportunity to speak with a dental care professional in a casual setting.
- Access to education and free oral health care supplies for the participant and everyone living in their home.
- Assistance in determining a next step that a participant feels is reasonable and willing to accomplish so they may begin to improve their dental health and overall wellbeing.
- Referrals for free dental care/procedures if appropriate.

If you are interested in stepping up on behalf of your community as an *event liaison*, please contact Tia Poalino at the RCFC to discuss more about scheduling an event. Tia can be reached at 802-775-1360 or tiap@rutlandcountyfreeclinic.org

Event must be scheduled a minimum of 3 weeks in advance. The deadline to schedule an event is June 3, 2022. Resources are limited and services will be provided on a first come first served basis. If you are interested in learning more, please contact us now. We hope to hear from you!

**Only communities within Rutland County are eligible for this service.*
